**Featured Speaker**

A native Floridian and a Citrus County resident, Mr. Kuhl will be featuring the beauty of Citrus County through the inspiring photos he has taken over the years.

A former public works director, water management director and one-time county administrator, Kuhl retired a year and a half ago from Sumter County public works and picked up a camera. Since retirement, Mr. Kuhl has greatly enjoyed nature photography, boating, camping and contributing to solutions for environmental issues in the Florida Conservation Coalition..

Gary has won several recent awards including "Top of the Photography Division" at the 2011 Citrus County Fair, "Honorable Mention" in the 2010 Inverness Art Show, and "First Place" in the 2011 "Save our Waters Week" photography contest. Some of his most beautiful landscape and wildlife photography was taken just outside his house in Floral City. He has created a great presentation for the meeting and hopes that his photography will help make a positive difference in people's outlook on our natural environment.
